Full-Stack Developer

PROFESSIONAL SUMMARY

I am a Computer Science professional and Full-Stack Developer with strong experience in React, front-end, back-end, and WordPress development. I have hands-on experience building scalable, high-performance web applications using modern technologies, as well as customizing WordPress themes and plugins to meet specific business requirements. I am passionate about writing clean, maintainable code, optimizing performance, and delivering reliable, user-focused solutions that create real value for organizations.

PROFESSIONAL EXPERIENCE

- Developed and maintained full-stack web applications using modern technologies.
- Built and integrated RESTful APIs and managed databases.
- Customized and maintained WordPress themes and plugins.
- Implemented responsive UI and optimized application performance

EDUCATION

- Arap Open University 2021-2025
- Bachelor's degree in Computer Science
