PROFILE

I am a Computer Science professional and Full-Stack Developer with strong experience in front-end, back-end, and WordPress development. I specialize in building high-performance web applications, customizing WordPress themes and plugins, and delivering seamless, user-focused experiences.

SKILLS

- Front-end development with HTML, CSS, JavaScript, React
- Back-end development using Python (Flask, Django), PHP, Node.js
- WordPress development (custom themes, plugins, Elementor)
- Web scraping and automation using BeautifulSoup, Selenium
- Building and deploying APIs using Flask and FastAPI
- Database management with MySQL, PostgreSQL, MongoDB

EDUCATION

Arap Open University

2021-2025

Bachelor's degree in Computer Science
