PROFESSIONAL SUMMARY

Computer Science graduate and Full-Stack Developer working with React, Node.js, PHP and WordPress. Freelance since 2023, delivering bilingual (Arabic/English) business websites and WooCommerce stores for clients in Egypt and Saudi Arabia. Additional professional experience in IT support and accounting. Focused on clean code, performance and reliable results.

SKILLS

Front-End	HTML, CSS, JavaScript (ES6), TypeScript, React.js, Responsive Design
Back-End	Node.js, Express.js, PHP, Laravel, Python (Flask, Django, FastAPI), REST APIs
Databases	MySQL, PostgreSQL, MongoDB
WordPress	Custom themes and plugins, Elementor, WooCommerce, performance optimization
Other	Web scraping & automation (BeautifulSoup, Selenium), IT support, UI/UX fundamentals

EXPERIENCE

IT Specialist | Aquarius, Gouna — Mar 2026 – Sep 2026

- Handled day-to-day IT operations, including user support, network and system maintenance.
- Resolved technical issues quickly to keep operations running smoothly.

Accountant | Egyptian Company — Sep 2024 – Mar 2026

- Recorded daily financial transactions and maintained accurate accounting records.
- Handled invoices, payments and supporting documents.
- Assisted in preparing financial reports and reconciling accounts.

Freelance Full-Stack / WordPress Developer | Remote — 2023 – Present

- Worked remotely with multiple companies and clients on web development projects.
- Built and integrated RESTful APIs, managed databases, and delivered responsive, performance-optimized interfaces.
- Customized and maintained WordPress themes and plugins to meet specific business requirements.
